

ALL FORD DAY

YORK 2018

Sunday 28th October

Dear Resident,

The All Ford Day committee and the vehicle owners invite you to come and enjoy a free display of some of the best FORD motor vehicles in the state.

Motoring enthusiasts from across the state have been invited to participate in this our Bi Annual event and show off their FORD classic cars machines in what we anticipate to be the biggest single marque car event so far to be held in York.

With the support of your Council and the local shop owners we have arranged for the temporary closure of Avon Terrace to allow a static display of these vehicles. This will offer the opportunity to walk safely amongst these impressive vehicles and enjoy the display.

In anticipation of the influx of visitors arrangements have been made for a number of food vendors to take the stress and overload off the local food shops. For your entertainment and enjoyment vendors of memorabilia, craft and automotive products will offer a variety of goods for sale from within the Pioneer Avon Park precinct.

York Motor Museum will be opening their doors on the day offering a substantially discounted entrance price. A GOLD coin per person will get you entry to see this outstanding collection of quality vehicles.

York Shire Council, York Motor Museum and the local shop owners are combining to support the event as a major attraction.

We look forward to seeing you enjoy the cars and the attractions with us on Sunday 6th November.

Sincerely Yours.

All Ford Day Committee
